the

SOUTHWESTER

Foreword

If this book restores some of the colorful events in the history of our Alma Mater besides preserving the happy memories of the present, our goal will have been attained, our mission fulfilled.

Wesley Carroll Vaden

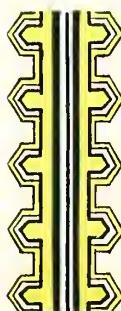

D*Dedication*

To one who has contributed much to the name Southwestern, a charming personality, a patron of the arts, a scholar and a gentleman,

WESLEY CARROLL VADEN

we the 25th, editorial staff of the Sou'wester respectfully dedicate this volume.

IN 1869 THE CONVENTION AGREED UPON THE NAME TEXAS UNIVERSITY

Administration

PRESIDENT KING VIVION

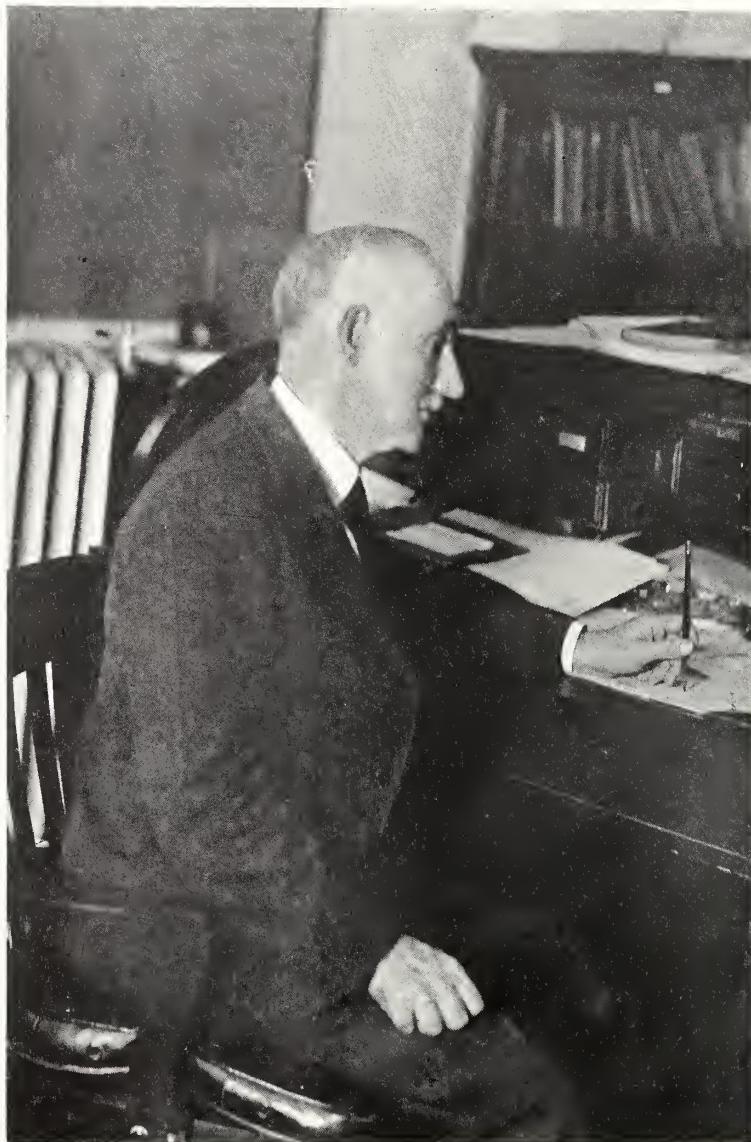

Will you allow me to express a word of sincere appreciation for your friendship and for your cooperation with me personally and officially? It has been a very great pleasure to have you here. We are happy with the results of this year, and assure you that it will be our chief delight to see the ever increasing progress and happiness of every member of the Southwestern University family.

With the very best of good wishes, I am,

Sincerely your friend,

KING VIVION.

— the
SOUTHWESTER

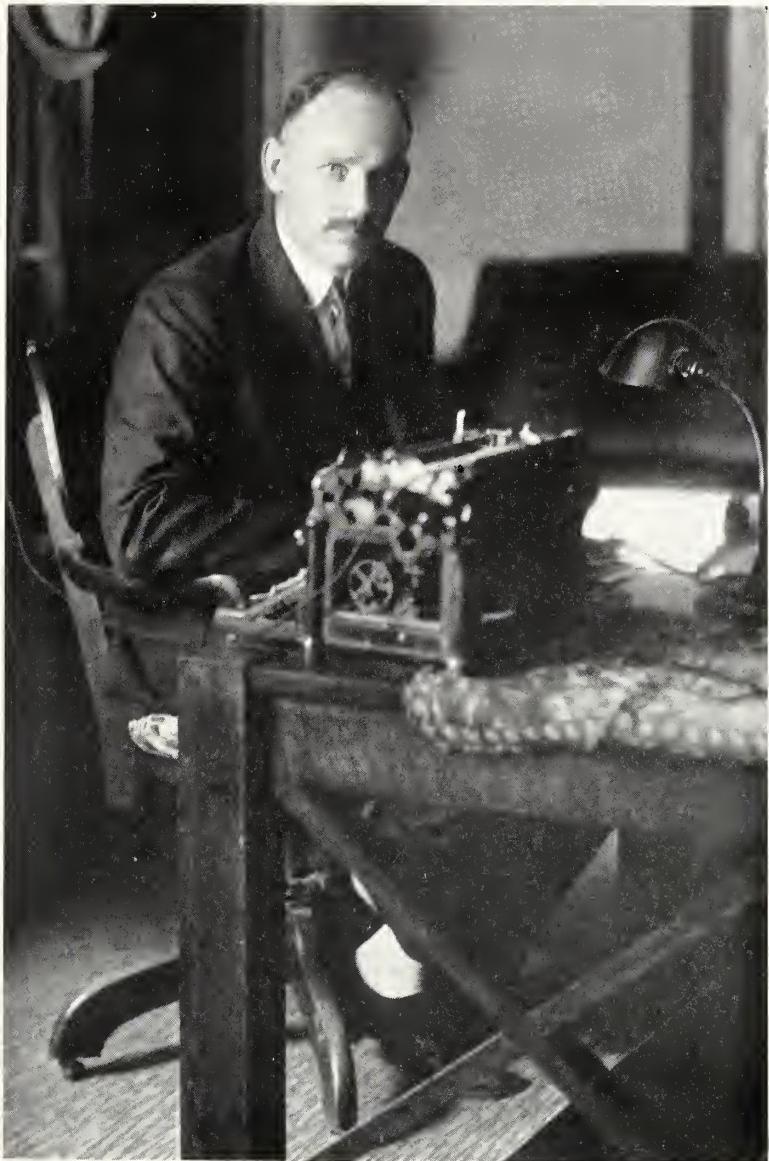

R. W. TINSLEY, *Assistant to the President*

I regret daily that I do not have contact with more of the students since as the years go by I find that next to my immediate family I love and appreciate the S. U. exes.

R. W. TINSLEY.

the
SOUTHWESTER

PROFESSOR E. H. HEREFORD. *Proctor of Mood Hall*

I take this method of expressing my appreciation to the boys of Mood Hall for their splendid cooperation throughout the year. I hope this year in the Hall has in some way made you more able to meet the realities of a larger world. I wish for you a pleasant and prosperous future.—E. H. HEREFORD.

—
the
SOUTHWESTER

MISS LAURA KUYKENDALL, *Dean of Women*

“I watched them pass—young star-eyed girls,
And lored them so.”

—LAURA KUYKENDALL.

O. A. ULLRICH, *Dean of the Faculty*

If you should come into possession of the power to make yourself invisible and would still refrain from using that power for personal advantage over your fellowman at his expense, you are truly honorable, otherwise you are a slave to circumstances.

—O. A. ULLRICH.

JOE HUMPHREY

Because of his diligent work in the office of President of the Student Association, The Staff feels that Joe should have this place of prominence in The Sou'wester '30.

ACTIVITIES

— the
Sou'wester

THE STUDENT ASSOCIATION

JOE HUMPHREY, *President*

LONE WILSON, *Secretary and Treasurer*

BUFORD BANKS, *Vice-President*

The Students' Association of Southwestern University comprises every regularly registered student in the University. The constitution of the Association includes provisions for the organization, officers, officers of the student publications, executive committee, nominating committee, and the honor system.

The officers are elected on the second Tuesday in May to act for the following school year. The editors and managers of the three publications of the association are elected in the first week in February.

The executive committee, of seven members, three of which must be Seniors, has power to act in representation of the Association, and is elected in the first week of the Fall term.

The nominating committee is described elsewhere in this book.

The Honor System, controlled by the Students' Association presumes that every student is a lady or a gentleman. Certain violations of the code of honor are defined in the constitution and are punishable if a student is convicted before the Council of Honor. This Council is composed of nine members; four Seniors, three Juniors, and two Sophomores.

The Students Association transacts such business as necessitates action on the part of all students, and serves to unify and govern many campus activities.

The *Megaphone* is the weekly publication of the University. It is a weekly paper of student life, taking in the activities of the campus as they occur. The paper comes out on Tuesday of each week. J. Frank Clark, the Editor, has been very successful in the publication this year. Each issue has represented every element on the campus.

the
SOUTHWESTER

THE EXECUTIVE COMMITTEE

The executive committee is elected every fall term by the Students Association to receive and examine reports of the three publications of the campus and to exercise such authority as the Association shall delegate to it. The Committee is composed of seven members, at least three of whom must be seniors and as the president of the Student Association as ex-officio chairman.

TOP ROW: CLARK, GOODSON, FOWLER, BRANNEN
BOTTOM ROW: SMITH, TERRY, THOMAS

THE UNIVERSITY HONOR COUNCIL

The Honor Council is composed of four Seniors, three Juniors, and two Sophomores elected by the respective classes. These students represent the Student Association and serve as a board of judgment in the case of any student who fails to obey the rules and regulations of the Honor System.

The Honor System was not built up as a limitation, but rather as a protection. It is anticipated that the present movement on foot for a Greater Southwestern will evidently result in the emancipation of the working principles of a higher system of Honor which will even prove to be an inspiration and a goal.

TOP ROW: BERGQUIST, LIESE, FOWLER, WAGNON

BOTTOM ROW: DURRENBURGER, STINSON, FOX, LOVE, RAETZSCH

THE MOOD HALL HONOR COUNCIL

The Mood Hall Honor Council is the official body through which the boys of the Hall are governed. The members are elected each year. The members at times have a pretty hard job in keeping order and peace in the family of boys; but it is their aim to establish a more efficient Honor System and better the living conditions of the hall.

Mr. William B. Clark has served as president this year and has carried out his duties to the highest degree of efficiency.

The members of the council are:

WILLIAM B. CLARK

HERNDON NELSON

SHELTON DURRENBURGER

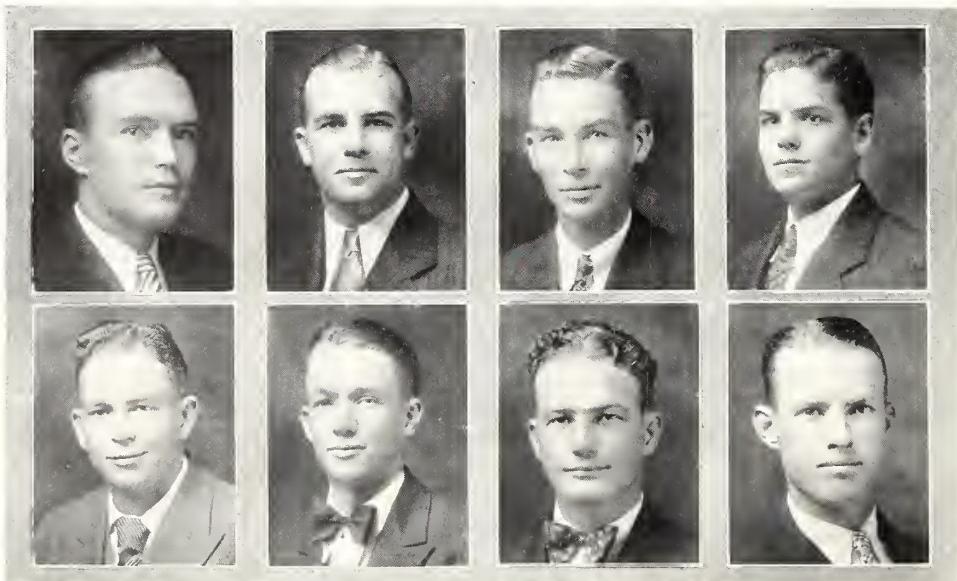

O. C. WADE

GORDON BROOKS

T. C. SHARP

FRANCES CZAROWITZ

CLYDE WHITTLE

WOMENS BUILDING HONOR COUNCIL

The Womens Building Honor Council, composed of twelve girls selected from the three upper classes, is the means by which the girls living in the building are governed. It aims to direct rather than demand, to protect rather than prosecute, and to develop rather than destroy.

The members of the council are:

LA NELL LOVE.....President

ETHEL STINSON

ANNA GROVE

Y. M. C. A.

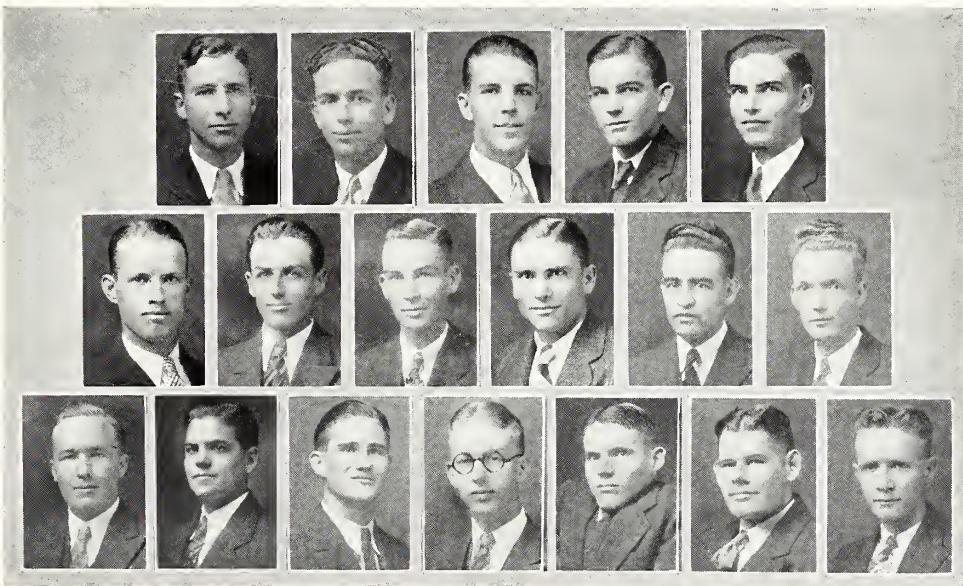

The local Y. M. C. A. is a part of the movement of Young Peoples Christian Association. The purpose and ideal of the Y. M. C. A. is to bring the campus to a higher plane of living, to seek, and to help others seek, through faith in Jesus Christ, an answer to the problems that confront the student in his daily rounds, to stimulate real thinking on the part of each individual student on his relationship with his fellow student and with God and to make that relationship a little closer and more satisfactory than before. In short to help each student find the highest and best in life through a practical application of the teachings of Jesus in every relationship.

The Y. Room in Mood Hall is used as a reading and play room, and is equipped with books, magazines, games, a piano and a radio; a small room in the rear is used as a gymnasium. A students handbook is published at the beginning of each year for the benefit of the new students, finding employment for those desirous of work, and in cooperation with the Y. W. sponsored a "get acquainted week" of socials and receptions.

PI KAPPA DELTA

"The art of persuasion, beautiful and just" signifies Pi Kappa Delta. The promotion of interest and stimulation of progress in oratorical field is its aim. The organization endeavors to bring about cooperation and intercollegiate fellowship. PI KAPPA DELTA, as a national organization, was founded in Southwestern University as the Alpha Chapter in Texas.

THE SCIENCE SOCIETY

The Chemical Society, from which sprang the Science Society, selects its members from the Chemistry, Physics, Biology, and Mathematics departments. Candidates must have two majors of the science in which they are majoring, and must be taking another major of science at the time of election. An average of eighty-five, counting the major science courses twice, is required of the candidate.

It is the purpose of the society to take upon itself the work of promulgating popular knowledge and appreciation of science and its activity.

THE MASK AND WIG

The Mask and Wig players under the direction of Ernest R. Hardin have had a remarkably successful year. The players produced the following plays, "The Little Town of Bethlehem" by Kathrina Trask, "The Importance of Being Earnest" by Oscar Wilde, and in the Spring Mr. Hardin plans to close the season with "The Youngest" by Philip Barry.

Throughout the year the following one-act plays were given: "Glori Mundi," "The Man Who Died At Twelve O'clock" and "A Proposal Under Difficulties." The last play was repeated thirteen times in various cities for the interest of Southwestern.

THE MASK AND WIG

Ten Mask and Wig students are to be initiated this Spring in the National Collegiate Players. Those composing the present Mask and Wig group are: Evelyn Raetzsch, Lucy Martin, Mary Frances Bowers, Florine Stocklas, Laura Curry, Nelle Harris, Ethel Green, C. D. Fulkes, Imogene Beard, Will Mann Richardson, Billy Stump, Thomas Newberry, Cecil Childre, Roalla Smith, Lois Thornton, Kathlyn Hamilton, Lloyd Johns, Aleen Hardin, Bill Mennis, D'Laurl Beville, Buster Langford, Marie Moses, Mary Elizabeth Fox, Ruth Wilcox, Ione Wilson, Bolton Boone, William P. Clark.

The
SOUTHWESTER

THE SCHOLARSHIP SOCIETY

The Scholarship Society aims to promote, stimulate, and recognize scholarship. The top ranking tenth of the Junior and Senior classes are eligible for membership. Good character and reputation are essential qualifications for entrance.

The colors of the Society are emerald green and sapphire blue. Each member is entitled to wear a key in the form of a shield, and bearing a lamp representing the light of knowledge and truth.

It is the custom of the Society to award a dictionary to the Freshman attaining the highest average in his or her work during the year. A speaker is invited at some time during the year to speak on some phase of scholarship.

The officers are:

JOE HUMPHREY.....President
OLIVIA LIESE.....Vice-President
FLORINE STOCKLAS.....Secretary-Treasurer

SNYDER HALL

Snyder Hall is the home of seventeen young women who keep house on the co-operative plan. Perhaps there is no part of Southwestern University that has achieved such rapid progress and success recently. The Hall has grown from eight to seventeen in the four years that it has been in operation. This proves that the Hall is very popular place to live.

Last year the Hall organized itself into a Club known as the S. O. S.—The Sisters Of Snyder Hall. Under the direction of the Club various socials and dinners have been planned.

This group of girls represent one of the happiest groups on the campus. Go to Snyder Hall and you will find a smile and a welcome at all times.

The members of S. O. S. are:

GRACE BAKER
LEORA MCNEIL
CLARISSA EMERT
HAZEL JOHNSON
MARY MAUDE WEDEMEYER
EUELA MAE SCARBOROUGH

THE MUSIC CLUB

The Music Club made its appearance on Southwestern's campus in 1928 as an organization to associate the interests and activities of the Fine Arts Students, as well as to foster new interests and studies pertaining to the field of music, such as the opera, interpretation, current events and biographical sketches about prominent and professional people connected with music. The meetings of the Club are given over largely to recitals participated in by the members. Thus the regularly appointed recitals have been to a degree replaced by the new combination recitals at the meetings.

The officers of the Club are:

ELIZABETH LEGORY.....President
DORIS DICKERSON.....Secretary
HENRY EDWIN MEYER.....Dean of Music
ELIZABETH MILLS.....Instructor in Music and Voice

FOURTH ROW: DICKENS, JOHNSON, REED, LEGORY, CALDWELL, JOHNSON

EL CIRCULO ESPANOL

El Circulo Espanol was organized in January of this year under the direction of Miss Lucy Belle Morgan. The motive of the club is to create an interest in the correct use of Spanish, to inspire a love for Spanish literature, to raise the standard of scholarship. The regular meetings are held every three weeks. The business meetings and programs are carried on in Spanish. The requirement for membership is an average of eighty-five percent.

The officers of the Club are:

EDDIE MAE CLARKE President
WILLIAM BARRETT Vice-President
LUCILLE HODGES Secretary
ETHEL LEHMBERG Treasurer
A. C. HART Chairman of Advisory Committee
WILLIAM BRANCH Advisory Committee
MARGARET DAVIS Advisory Committee

THE MINISTERIAL ASSOCIATION

The activities of the Ministerial Association are so directed so as to best prepare the members along lines of common service for the church and humanity. Its membership comprises those students who are enrolled in the ministerial school or who are preparing to engage in the field of religious work.

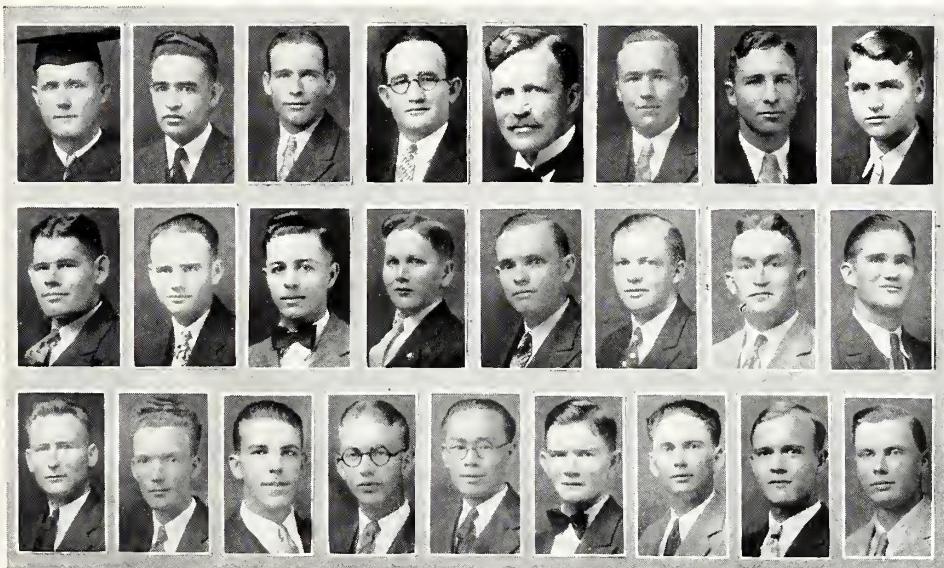

The Association meets once a week, at which time devotionals are conducted, and talks are made either by members of the association or by someone of larger experiences.

This year the Association has made great advances. It operates by a written constitution; a permanent record of all the meetings is kept; members of the Association preach every Sunday in near by churches.

TOP ROW: BOONE, NANEZ, FISCHER, GAFFORD, BERGQUIST, TRAMMELL, THOMAS, LAN- DRUM

SECOND ROW: MUNK, PRICE, MATTHEWS, WOOD, FORD, STUDER, SHIPP, McDANIELS

THIRD ROW: SCHWEERS, BENNETT, GRAY, COSTON, YUN, BOOTH, PITTMAN, WYATT, RISINGER

THE RIDERS' CLUB

The Riding Club is a new organization which appeared on the Campus this year. All students interested in horsemanship are qualified for membership. The Club is under the leadership of Mr. O. W. Cardwell, who is an ex-student of Southwestern University. The Club is divided into three groups. One group makes up the girls polo team, the leader of which is Rhene Funchess. The Second Group makes up the boys polo team, the leader of which is H. W. Cortes. The Third Group is interested solely in riding. The leader of this group is Miss Evelyn Raetzsch.

Much enthusiasm is aroused by the numerous afternoon and moonlight rides which the group takes on various ranches around Georgetown and Round Rock. One of the favorite rides is along the banks of the South San Gabriel on the Weir ranch.

THE ALSO RAN CLUB

This Also Ran Club is a new organization on the campus. But it is by no means a common club, for the qualifications are very hard and takes a lot of nerve and many heart aches to fulfill the prerequisite for membership. The prerequisite for membership is to be defeated in some election of importance on the campus.

The regular weekly meetings are taken up with each member trying to say a kind word to his fellow sufferer.

PAN-HELLENIC COUNCIL

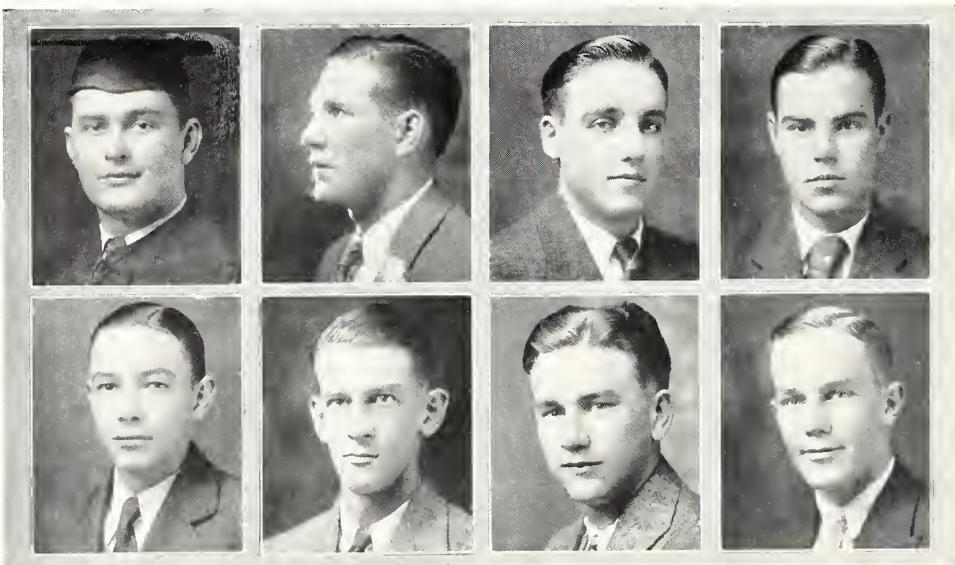

The Pan-Hellenic Council of Southwestern University is composed of two representatives from each of the four fraternities, Kappa Alpha, Pi Kappa Alpha, Phi Delta Theta, and Kappa Sigma. Regular meetings are held on the first Monday of each month, and call meetings at the request of the members.

The purpose of this Council is to encourage a better understanding between fraternity and non-fraternity men, to govern fraternities in regard to rushing, pledging, and initiating, to settle all disputes and difficulties that may arise between the fraternities, thereby maintaining a spirit of cooperation and harmony, to encourage scholarship to the extent that no fraternity may initiate until the average of the student body is made both by the chapter and the pledge.

Pan-Hellenic sponsored, as in previous years, the interfraternity smoker was given the winter term. Each year a schedule is arranged for baseball, basketball, and track. Rules governing the eligibility are passed by this body and dates are fixed for the occurrence of events.

PAN-HELLENIC COUNCIL

The Women's Pan-Hellenic Council is composed of two representatives of each sorority on the campus, Zeta Tau Alpha, Delta Delta Delta, Alpha Delta Pi, Phi Mu. The council has charge of all matters of an inter-sorority interest. They make the rushing rules, and are held responsible for the enforcement of these rules as well as punishments of violations.

The Council sponsors the All-University tea, the purpose of the tea being to give the students an opportunity to know each other better.

BRIEF HISTORY OF FRATERNITIES AND SORORITIES

Southwestern University, which recently celebrated its fifty-seventh anniversary, is the successor of four other institutions of learning founded at various times by the Methodist Church of Texas—Ruterville College, McKenzie College, Wesleyan College, and Soule University. In 1874 Rev. Francis A. Mood obtained a charter for Southwestern University which was located in Georgetown. Dr. Mood is called the founder of Southwestern for which he served faithfully until his death in 1881.

On the Campus of the thriving little school different organizations began to exist and among them were the Fraternities and Sororities. The first of these was the Xi Chapter of Kappa Alpha Fraternity which was founded in Southwestern University on November 28, 1883, with six Charter Members: R. C. Porter, W. C. McKaney, T. L. Crow, W. E. Hawkins, E. W. Martin and E. Embree, Jr.

Several years later the Texas Gamma Chapter of Phi Delta Theta Fraternity was founded. On March 12, 1886 A. R. Johns, R. L. Penn, M. K. Pateman, A. J. Perkins, W. H. Anderson, J. B. Hawkins, Aborn Holt, J. E. Quarles, J. H. Williams, R. S. Carter and S. J. Thomas were granted the Charter.

On October 12, 1886 Iverson B. Love, Jessie C. Baker, Jasper B. Gibbs and John Stanley Moss were granted the Charter for the Iota Chapter of Kappa Sigma which is the twenty-first Chapter in American Kappa Sigmas.

On November 12, 1910 Alpha Omicron Chapter of Pi Kappa Alpha was granted a charter by the Supreme Council of the Fraternity. The charter members were: A. D. Voigt, Samuel A. Grogan, C. M. Singleton, J. M. McGuire, M. T. Waggoner, G. D. Chapman, and O. O. Mickle.

The Fraternities had been progressing rapidly but not until 1906 were the Sororities more than secret lodges and local organizations. Among the first of these was Lambda Chapter of Zeta Tau Alpha which was granted its charter on May 13, 1906. The Charter members were: Elizabeth Hardy, Bess Whittle, Allie Bareus, Pauline Clark, Jean Whittle, Louise Gibson, Rosina Nelson, Rannie Collier, Myrtice Nelms, Lola Branson, Blossom Pittman, Irene Gammill, Edith Branson, Hazel Whittle, Katherine Fiser, Sunshine Dickerson, Bess Bailey, Lena Mae Nelms, Ena Dent, and Clara Wellborn.

The Zeta Chapter of Alpha Delta Pi was not granted its charter until February 1907, although this organization was the first on Southwestern Campus. Mary Mann, Madge Cooper, Gladys Graves, Early Price, Gladys Snyder, Martha Sanders, Nannie B. Clamp, Mabel Taylor, Gene Daughtrey, Louise Bellford and Catherine Chessleer were the charter members.

The local Xi Kappa was organized in Southwestern in 1906 but was not chartered until May 1, 1908 as the Xi Kappa Chapter of Phi Mu. Thirteen girls were initiated as charter members: Annie Bankright, Mary Inez Coon, Ola Niece, Minnie Lee Taulman, Mabel Grace Daugherty, Mary Elizabeth Hanover, Jessie Sessions, Katherine Howard, Alline Terrell Smith, Jimmie Smyth, Bertha McKee, Eula Mae Rollins, and Julia Mangum.

The last of the four Sororities that are now on the campus to receive their charter was Theta Epsilon Chapter of Delta Delta Delta. The Charter was granted September 5, 1911 and among the charter members were: Madge Hendry, Ann Carter, Ella Sedberry, Bess Crutchfield, Sadie Hudson, Hazel Barnes, Cornelia Hightowner, Lucy May Agnew, Hallie Louise Crutchfield, Pauline Swafford, Kittle Cain, Norma Smith, Katherine Mitchell, Gladys Lockett, Mary Kathleen Rose, Edna Maud Brown and Mary Wills.

Both the Fraternities and Sororities have been progressing throughout the years and at the present all have a splendid standing.

THE ATHLETIC COUNCIL

The athletic season at Southwestern for the year 1929-30 has been one of color, if not one of great success. Never before in the history of athletics at this institution have there been so many events that border on the phenomenal. In the football season we can remember several happenings at Houston that will make history, to say nothing of the many thrills of the Thanksgiving Day game.

No one can deny that the basketball season afforded an abundance of thrills. In the Simmons game one was able to gasp enough to last for several years. Then, too, we must not forget the Howard Payne games.

In track we had one of the fastest relay teams ever to don the Yellow and Black uniform. At the present writing this team has not competed in the Conference meet, but in dual meets it has established an enviable record.

The Athletic Council, composed of four faculty members and one student, has done much towards raising athletic standards at Southwestern. This Council is always looking out for the best interests of our athletes, as well as promoting many schemes of advancement. These men are to be highly commended on the work they have done, and the services rendered.

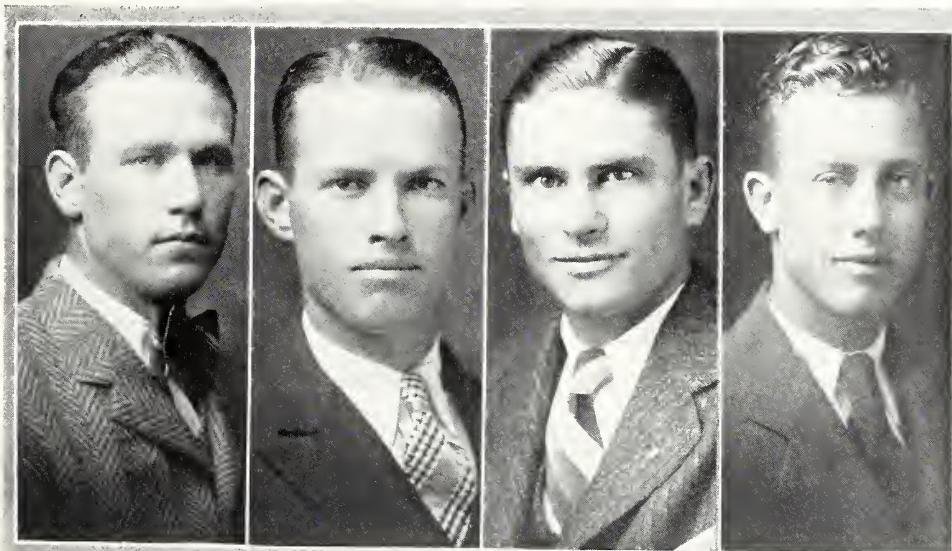

ATHLETIC CAPTAINS

Captain Andrews has been one of the hardest fighting men on the football team this year. He has helped the Coach to put the fight and spirit in the other men on the team. Even though he had his ankle hurt for a portion of the season, he was in every game showing the real old Southwestern spirit. It would be a hard thing to find another to lead his team as well as Big Andy.

Captain Whittle has lead his team to many victories this year. He was all Conference Center and one of the most valuable men that played in this Conference. He never says much but when he does it is brief and to the point. He is a real Captain.

Captain Fulkes has been the main stay in the Southwestern track team this year. He has had to show the boys how to keep on fighting and never give up. He has been a hard trainer, a good runner and a faithful Captain.

Captain Brown is one of the outstanding tennis players of the state. The Southwestern Tennis team has been loyal to him and he has shown them the playing of a professional. He is a good Captain and a hard fighter.

The football season was officially inaugurated in Georgetown Friday, October 4, when the Pirates trounced the strong North Texas Aggies. Fired with determination and smarting from the defeat handed them the week before by another Aggie team, the fighting Corsairs ripped the line and heaved pass after pass to defeat the visitors from North Texas by a 20 to 14 score.

The game was full of thrills from whistle to gun. The aerial game was responsible for the greater amount of these, as both teams were employing this means as a scoring threat. The most thrilling point of the game, however, came in the third quarter when Seamans tossed a long pass to Weir who dashed madly through and by several would-be tacklers to score the touchdown that put Southwestern in the lead. This lead was not relinquished for the remainder of the game.

The Rice game was the high spot in the early season. There was a high tension on the part of the student body as well as the team. After a great amount of labor, the train was assured and the entire school loaded on and went to Houston.

The game was chuck full of thrills that kept the spectators on their feet throughout the four periods. Much enthusiasm was shown in the pep of both schools.

Although Southwestern was on the short end of a 14-7 score, the ones who saw the game will always say that it was one of the prettiest exhibitions of foot-ball ever seen on Rice Field. The Owls, shorn of their haughty feathers the year before by a Pirate machine, fought like mad, and their victory was earned only in the closing moments of the game. Everyone was happy and we all had a great time.

Baek to Houston in 1930!

—*the*
SOUTHWESTER

The first home game was played under a blazing sun, but that was no indication of the weather for the forthcoming games. The second found the Pirates battling the San Marcos Bobcats in a blinding downpour of rain.

Led by the brainy and elusive Brannen, the Bobcats passed and squirmed their way to a touchdown early in the game. The Cats had the advantage of the Corsairs in the punting game which, incidentally, was a big factor on the wet field. After an exchange of punts, the Feline warriors started a drive down the field resulting in another score. This seemed too much for the shipwrecked and watersoaked Pirates, so the San Marcos boys were allowed to wend their weary way home with a hard-earned victory under their belts.

This victory evened the score between the two schools, each having the same number of wins and losses.

In a sea of mud and sailing against a ninety-mile gale, the Pirates suffered their next defeat at the hands of the Tigers from Trinity. This was the first game the Tigers had won on Snyder Field since 1921.

Both teams resorted to the passing attack which proved highly unsuccessful to each, due probably to the thick layer of mud on the ball. After a slow start, the game gradually took on new life until there were real thrills before the final gun. Despite the adverse weather conditions, quite a number of loyal fans braved the wrath of the elements and were liberally rewarded for such efforts.

Rusty Hill was the big gun in the Tiger's attack, and on such a field he proved to be all that was necessary. Brannen and Seamans led the attack for the Pirates and put up a game fight, as did all the other Canary and Black gridsters. But the team from Trinity was not to be denied and they went home on the long end of a 26-13 score.

The closing game with Howard Payne was a fitting climax to a colorful season. Never before had there been so many games full of so many thrills, and not one was half so thrilling as the last. The Yellow Jackets were hard pressed at all times, and for awhile it looked as though the Pirates might upset the dictates of fate and win. The Jackets were a little too strong, and we might say lucky, so when the final gun was sounded the scorer had Howard Payne credited with two touchdowns while the Pirates had failed to cross the little white line at the end of the field.

The vaunted McCarver was repeatedly stopped at the line by a battling Southwestern line, but once in the open he was a hard man to catch. Seamans was easily the outstanding wearer of the Yellow and the Black in that Turkey Day game. The little back from the Lower Rio Grande was playing his best which was mighty good. His punting saved the Pirates a lot of embarrassment several times, but he was ably supported by ten others on the field and quite a number on the bench and in the stands. The fight put up that day will long stand in the annals of the two schools as the greatest ever seen on Snyder Field.

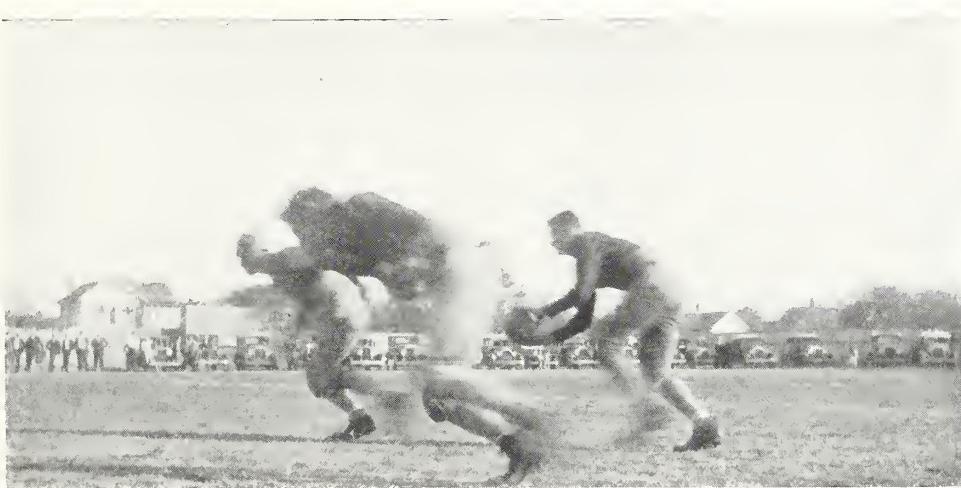

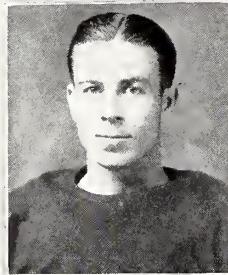

Possibly the most colorful game of the season was played in Kingsville on November 15. The Pirates invaded the Javelina retreat for the first time and returned with a four touchdown victory. The Southwestern team was by far superior to the South Texas boys. The game was played almost entirely in the opposition's territory.

Unleashing a dazzling, bewildering running attack, and a ripping, tearing line bombardment in the first two quarters the Pirates scored in each one. Time after time the Corsair backs hit the line for substantial gains, then a brilliant run would put the score down throughout these periods.

In the third quarter, however, Coach Edens' Canary and Black warriors launched an aerial attack, the like of which has seldom been seen in this section of the country. The air was flooded with footballs, and there was usually someone ready to receive them.

It is needless to say that the Pirates were warmly received at the Ex-Student Banquet at the Casa Ricardo Hotel after the game.

— the
SOUTHWESTER

The Pirate quintet started the season off with a bang, taking the Saints into camp on the home court. With the stellar Jansing out of the lineup, the Saints lacked their characteristic fight. They put up a good fight, however, but the Pirates were easily the better team.

Led by Captain Whittle as high point man, the Corsairs doubled the score in the first half and increased the lead in the second. Coach Edens was able to use nearly all of his men in this game, quite an unusual occurrence for the first conference game.

Sullivan was the outstanding performer for the visitors from St. Eds, but he was hardly comparable to the insurpassable Whittle. But Whittle was not by himself in sharing honors of the game. In fact, the entire Canary and Black outfit played mid-season ball. The team was shaping up nicely for a hard fought Conference race.

Trinity, Austin College, and Howard Payne were the next victims of

the bloodthirsty Pirates. Little mercy was shown either of these teams. The first two games were played away from home, but the sting of the Yellow Jaekets was removed in Godbey Gym.

The Jackets invaded the Pirate Den with an air of superiority. And why shouldn't they? Had they not almost defeated the ineonquerable Cowboys from Simmons earlier in the season? Surely these Pirates could not afford much opposition for the Jaekets. Soon after the first whistle it was quite evident that the Pirates were completely the masters of the court game. Not once in the entire game did the Howard Payne team have a lead. The Southwestern boys jumped into a small lead at the first, and steadily increased this until the final gun found the score 38 to 23.

The next game was to be with the mighty Simmons Cowboys. The conference championship hung in the balance. What an effect on a highly strung team!

The
SOUTHWESTER

The first game with Simmons of the 1930 season will long be remembered by anyone who saw it. Those breathless moments, as well as the wildly exciting ones cannot be erased from memory.

Simmons took the lead from the first whistle and it looked as though the Cowboys could loop goals from any place on the floor. Soon the Pirate machine began clicking and the score was evened. At the half the Pirates were leading by a scant margin. The stands were feeling the terrific strain.

The second half was twice as nerve-wracking as the first. One team would score, then the other. No one could safely say just who would win. Just as the game was stopped, one lone Cowboy looped a basket that would give the Simmons team a one point lead. A long argument was started that lasted throughout the season. The Pirates were finally awarded the decision of the game, as it was claimed time was up before the basket was thrown.

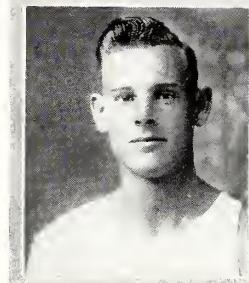

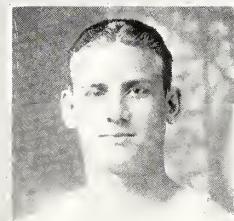

The first track meet of the 1929 season was a five-team affair held at Memorial Stadium, Austin. The Pirate thinly elads did not win the meet, but there was the distinction of having second high point man. Unk Young, the tow-headed All-Conferenee halfbaek, showed the other schools how to run the hurdles and throw the javelin.

All of the Pirates did well, many of them entering intercollegiate competition for the first time.

Alton Smith took the honors in the shot put with a heave of 41 feet. Smith also placed in the discus and his form was noticeably the best on the field.

The Southwestern dash men failed to place but their showing was not ragged. As most of them were freshmen, the way in which they handled themselves on the track was greatly encouraging.

—The
SOUTHWESTER

Led by the brilliant Nig McCarver, the Howard Payne Yellow Jackets defeated the Southwestern under path artists in the second meet of the season. McCarver was the entire team from Brownwood, scoring 18 points in four events.

Young, Smith and McDaniel were the outstanding Pirates of the meet. These three men were responsible for over half Southwestern's points.

The most thrilling event of the afternoon was the mile relay. Although the Jackets had the meet won, this event was none the less entertaining. Foerster, McDaniel, Thomas, and Fulkes carried the Canary and Blaek over the finish line first with several yards to spare. None of the Pirate team was ever passed after the first gun.

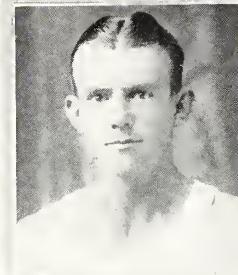

The Pirates journeyed down to San Marcos for the next meet with the Bobcats. Running in a terrific wind, the Southwestern team was defeated by a very small margin.

The fastest and prettiest event of the meet was the high hurdle race. Young took the honors in this with the exceptional time of 15.7 seconds. Capt. Young also won the low hurdles in remarkable time.

The Pirates looked mighty good in this meet. The relay team continued to show plenty of speed and looked like a conference winner.

In the dashes as well as on the field, Southwestern's young team held its own, and had the Pirate javelin been ruled official they might have won the meet.

Lastly came the Texas Conference Meet with Southwestern acting as host on the Texas University Track. With the aid of an exceptionally good track, the records were ruthlessly shattered. Not only were track times lowered, but field records were torn down also. In fact, only the time in the 440 yard dash remained intact when the meet finally came to a close.

McCarver of Howard Payne, Smith of Simmons, Lillys of Austin College, and Young of Southwestern were the outstanding performers of the afternoon. These four men set records that will remain for several years to come. Not to be overlooked is Smith of Southwestern, who distinguished himself in the shot put.

Southwestern's relay team was the class of the field in the last event. These four men, with Young substituted, set themselves to the task of lowering the record, which they did by a margin of 6 seconds.

TRUSTEES PLEDGE TO RETAIN SOUTHWESTERN UNIVERSITY AT GEORGETOWN

Sou'joker

STATE OF TEXAS
COUNTY OF WILLIAMSON
GEORGETOWN, TEXAS

To those it may Concern:

I, Gordon Barr, Editor-in-Chief of the 1930 Sou'wester, of my own free will and accord do hereby and hereon, in the presence of my typewriter, vow and declare that I am not the author of the Sou'Joker Section of this book—that I did not write a line of it nor had I anything to do with the compiling of it.

Do you ask me who he is? Is he a student of the University? Yes, he is a student of A University. But from his grades you would think that he was on his way home. (Anyhow he is not the pride and joy of the Selected Student body.)

His name is—sh!—sh! I promised that I wouldn't tell and I couldn't afford to go back on my word. But, if you persist I suppose that I will have to tell you, providing that you will promise never to tell. (Cross your heart and hope to die if you tell.) Then here is the secret.....His name is.....The... SOU'JOKER. You know him, of course you do. Are you surprised to find out who did all of this quibbling? Please do not be hard on him if he hit you or your organization, for all that is said and done was in the spirit of fun. Take it in the spirit that it is intended or perhaps you might lead us to believe that old adage, "Perhaps he spoke the truth." Proceed slowly, dear reader, and don't miss anything.

I, Gordon Barr, do solemnly swear that the above statements are the truth, nothing but the truth, so help me Bob Gaines.

GORDON BARR, *Editor.*

BEST OUT

Does anyone dispute the fact that the best thing out is a decayed tooth?

* * *

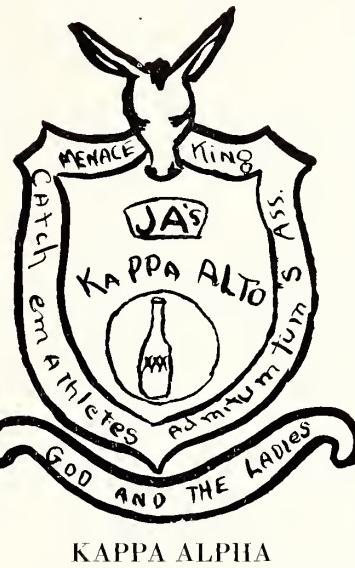

A flapper told me the other day that the greatest inventor in the world was an Irishman. Says she sees his name on all the machinery—Pat Pending.

* * *

A woman is as old as she feels, and how she feels depends largely on what other folks think of her looks.

This dear friends is what a sin it isn't J. A.'s. look at their pride and is their aviator, smart and their best football forward. They found two protege this year when loway, for they are almost nis. Along with these two a green and adolescent norance and button shoes. hope they come to them tion for they certainly thing else. These boys dig this year with Duddy pledged all summer—all summer—the K. A.'s time. It was the Kappa when school started, but promised him a football letter if he went their way, and he had to take it.

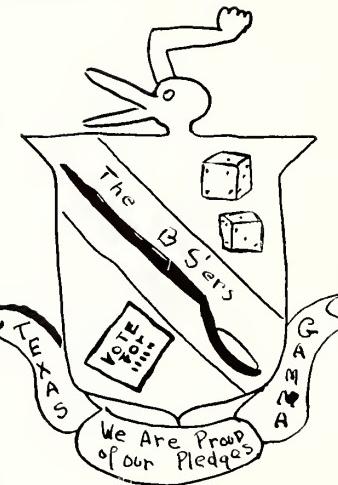

These boys worship "God and the Ladies" even though they have a nice place to court in the park across the street. King has pinned one girl three times this year and he still has his same old pin, and HE wears it. Cortes took a step backward when he ran competition with Bill Clark—He shouldn't feel hurt—who would enjoy going with anyone as dumb as Reba except someone as dumb as she, and of eourse we know you are not. Henslee is trying his hand across the street, but he is going to have a hard row to hoe with Buehholz—the flying Dutchman—living as close by as he does. We would give Mr. Barr a good dig but we know that it would never get by his desk, so we leave the rest of this crew for you to talk about and form your own opinion.

about the K. A.'s and To begin with, we will joy, this boy Mennis. He boy, Mask and Wigger, forward, yea too much good playmates for this they got Oltorf and Hollas smart as this boy Men- J. A.'s from Marlin, came Freshman, clothed in ig-Poor Davy Williams. We in good healthy condicome with lack of every-handed the Sigs a good Weir. The Sigs had him that is, every other week had him the rest of the Sigs week to have him Chatter and Lloyd prom-

Now dear friends we Texas Gamma, and in there is to this gang, for and seldom recognized County. They are all the fact that they have a this Chapter too . . . in dents for dear old S. U. did some noble work for Fred Sterling and the send him a nice bouquet found out how little there youth. With King's aid, rushees some little broth- They have recently found more money than they run the house this summer, and they need some better grades, so they broke loose and found two locals that are eligible for the Scholarship Society. They hope that King will make some dispensation so they can initiate these men with their other one eligible man. Of course there wasn't any material suitable to their needs this year but they are still hoping to get a full house before the term ends. When Waldrop, Buss, and Ding Dong fell back in school this year, there was little need for them to try to pledge any one, but they put up a brave fight to make Moeo feel as pleasant as possible over the several hundred letters he wrote last summer. He was determined to see that Texas Gamma had a fair chance at all rushees, so he went to the U. office, got the name of each student who had reserved a room and wrote him a nice, spongy letter. He enclosed a date card with some nineteen dates filled out and said that he was trying to act in harmony with Bro. Vivion and wanted to see that all Freshmen were cordially received. Too bad they had to lose Kurth, for they counted on his pledging two boys from Lufkin so they could start a new strong hold. They have used all the material from Gatesville and are looking for a new town in which to locate. Send all correspondence regarding this matter to Mr. Buss and it will receive due attention at the next gathering of the tribe.

Of course we all agree with their big brother regarding the selectivity he advocates but where, oh where! is the selectivity regarding such eggs as his own relatives, Buss-ess, Wall-Drops, and Oatmans? Walldropping is the smart egg of the crew and shows his smartness by holding himself aloof from the rest of the crowd — I think his feet smell and he is a bit self-conscious. Buss is the whole works and is the advertising man for the firm. He does the part of the well dressed man to perfection and is the Chapters gift to the ladies—Poor old Homer is going to die some of these days and then who will they send to replace Mr. Buss?

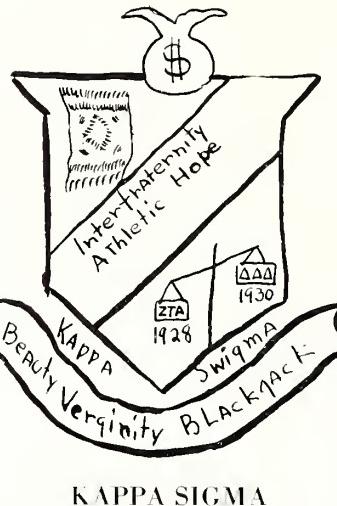

THE TEXAS GAMMA OF PHI DELTA THETA

are knitting right into reality that is about all they are barely known out side of Williamson powerful this year due to big brother . . . he is from charge of selecting steward and Texas Gamma. He them when he pledged Kappa Sigs wanted to of carnations when they was to this Sterling they managed to get two ears, and a few strays, that it will take a little first thought to

These boys are the power of powers when it comes to politics, provided that some one else will frame the election for them. Ding Dong and Tom Cat are their supreme men but they had all that they could handle this year and had to let Day lose his race in order to get their own. Neither of these boys are as hot as they think they are and everyone has their nmmber. Secrest is their smart boy and they depend on him to make their average for them. He has had to move a dozen times this year to find some suitable place to study. Fowler has been their protective body this year, but there has been some fear in their minds regarding him due to the fact that he made so many dances during the fall and got tight at all of them. They knew if he got caught they would not have a chance when they came before the Honor Council. Childre is their simple lad—in fact too simple. He tried to pull some Barrymore stuff with the ladies but failed to find anyone that would let him stick around. Newberry is their black sheep—they have not found out what he is good for and we doubt their ability to ever do so. Last but not least of the initiates of this smart elicky gang is Mr. Wilburn Oatman—He is too good to hang around the house, associate with anyone except Childre and is as far from Texas Gamma in spirit as Texas Gamma is from headquarters. His little CUZ is an exact replica of him—only worse. He is their joke and is one for every one else. Little Bell is the one they give the work to—it isn't right that they should give him a reprimand for his disgraceful actions when there are others that pick their noses, act wise, know nothing and yet go as untouched as their bills are unpaid. We admit that Liberty is pretty bad, but he doesn't know better. Of course he came in the category with Oatman and other little brothers. Mc-Daniels was born under the same handicap, but he is so dumb he really doesn't know what has happened yet. They took quite a load unto themselves when they took Mallard and now that he is on their coat of arms we want to know how they are going to get him off.

It would be far more name of these social as-for they seem to bear is wrong and can be write about this gang, tribe—as it is and if we sure that each man will start a war. Their num-fact that they ask Nut to school and because money that was to have the Dean said that he was his select group this year. tire annual to Mr. Dick-what we would say about to the Freshmen.

fitting to change the pirates to Kappa Stigma, every evidence of all that wrong. We really hate to for they are a cut throat spill a few beans, we feel grab his pick axe and bers are few due to the Daniels not to come back Bill Dickson got some gone to someone else, and not the type to mix with We could devote this en-son bnt he is gone and him would do little good

Their bundle of conceit is Bill Clark and he does and has made a mess of things in his affairs. He is king George with this crew and when he steps out he puts on his air of wealth and thinks that everyone is going to kiss him when they really want to kick him. Poor old Barrett has had lots of grief with his affairs this year, and with all this smartness and conceit, he has to bow to simple little Moreman. Why either of them rush themselves sick to get out with Sparger is a mystery to us. Barrett says that he thinks that she has money and he might want to marry her. Stafford has finally come through—wait until he hears that his Frat brother from San Marcos is in town. Shorty is going to look on that concealed pin of his brothers sometime and when he sees it he is going to start a gang war.

The chief source of trouble with these boys is Buck McCrabb and Duncan Whiteside. They had to kick them out of the Chapter for some unknown reason. They claim Whitesides couldn't pay his Frat dues and we know that that is not what is wrong with McCrabb. We know that he ruins the house every Saturday nite with his drinks from the ridge and when the Dean finds it out it is going to be too bad for little Buck.

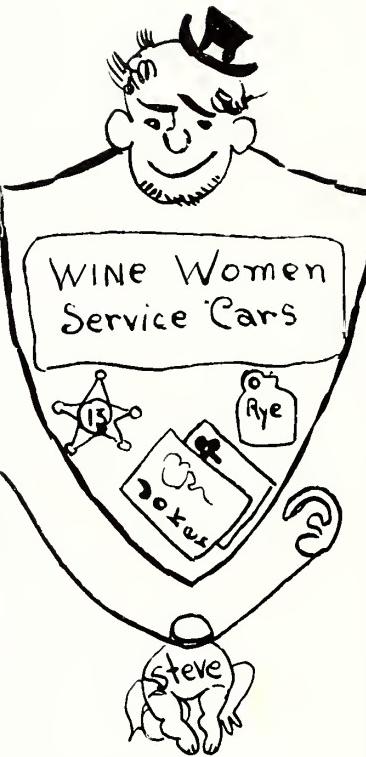

These Boys think they had a big year—they did in numbers—but pray tell me, what they are going to do with such tripe as Wacker, Dorbandt, Strauss and any number of the others. They were told by their big brothers that their pledges would be broken if they were caught tight and what happened bnt that the big brothers all passed out, the Frosh put them to bed and then drank all the liquor. Since then it has been one big brawl. Even Kurth and Binion got in the swim.

These boys had hoped that Doe Borden would be wise enough to stay sober after having the big wreck but he seems to be going as strong as ever. Bledsoe is

the one who takes on the stew. He is a bit older and knows how they do things but he doesn't know enough to fool Foye all the time.

Their coat of arms is strongly indicative of their wealth—they own their home—their ability to navajo, their old line up with the Zetas and their love for the worldly things in life. Pour on the oil my boys, you aren't fooling anyone but yourselves, and you were fooled when you were pledged.

They are trying to take the old prestige from the K. A.'s by pledging all the athletes but they are about to learn that these boys add little glory and no money to the Chapter. Their glory wont pay off these notes. They sent a good basketball team out to represent S. U. but when it came to winning for the Chapter they were forced to rely on the cunning of Stevenson.

They had one member of this gang that was a bit too tame to join hands with the police and a bit too strong for these boys to handle—Mr. Beisel, please. He got several Co-eds in trouble and the last time that we heard from him he was making for parts unknown. He is not the only one they have had trouble with, for some of their pledges decided they were not getting their moneys worth and turned in their pins. Landrum decided that he had rather bunk with Verduzco than associate with the boys at the house, so he up and took the oath of resignation and it is a hard matter to decide which is the better off—Landrum or the Pi K. A.'s.

The pride and joy of this stable is Santa Clause Stevenson and he has to act as President for so long that he is the one to whom they send all tax collectors and lawyers who are about to enter suit for possession of their domicile. If the boys

were so smart they would select a new goat, for he is having all the trouble he can handle in his love affairs. A certain blond is giving Steve a run for his money with his fair lady. Steve sits around in a bragadoccia manner and would have one think that he is king on that corner but he has plenty trouble with late dates.

Mr. Bomar has been the perplexing problem with these boys for some time, and they still wonder what they are going to do with him. He gets on a good tooter and takes Mood and McCrabb for a buggy ride that they will long remember—(He made them walk back about ten miles at four in the morning and Oh boy, it was raining.) Rastus has had plenty experience and he quickly sees that he can get some happy thoughts from the past by treating others as he likes.

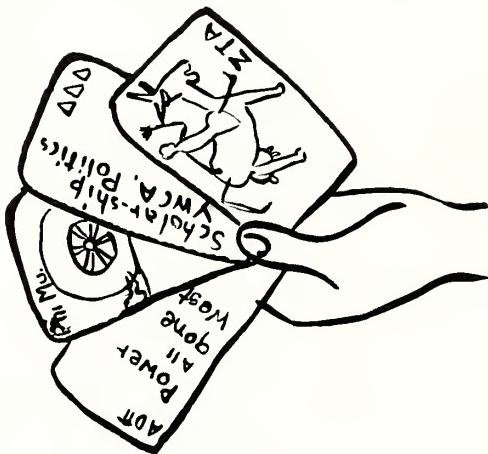

In a hard storm for finances, those Jacks had to take Bunny Cook and since that date, he has tried to show everyone in school just how everything should be done and how to look your best in any old garb—for goodness sake, Cook, go take a peep at your self and wonder why they don't lock you in a cage. Shut up and be satisfied and if you can ever catch any honey from one of these innumerable dates you brag about, you had better go home and write a letter to the folks about it. Your little brother has you in the shade and he is nothing to get up in the middle of the night and write home about.

We would mention Wiggam and Morenian and any other of the hundred but they are too dumb to attract attention and what we would say would be glory in their feeble minds.

We realize that we should give these boys a big space, for they are indeed strong in members and every member should have some mention. We ask that none of you be offended if your name is omitted from this space for what we say collectively will certainly hit you, and what we say to the others will be quite fitting to your case.

SORORITIES

The choker has never had a great affinity for the fairer sex and it gives much pleasure to bounce these rocks off their eoco. If you get mad at what I have to say you may remember—(to put it in the vernaeular) "you got it coming to you lady."

ALPHA DELTA PI

"Alpha Doodles" or the home of the Buick girls is the rightful name for these kittenish things for they make more noise than an ordinary doodle bug and pledge every girl that can rate a Buick. They have all the better ears of the town and make it a great point to ride down town in a body. This is done to show what a fine spirit prevails. The chapter owns a champion gossiper, a brainless wonder, Elma Hinds, Lois Thornton, and Ruth Wilcox. They spend half their time spewing around and the other half at The Aleove trying to rate a date.

These girls have been trying so hard to get some place in sorority circles and in so doing have lost all power they ever possessed. Clovis Cox is their pride and she is doing her best by the girls in trying to win fame as an orator. Power and powder to her, she needs both.

PHI MU

Now we run right into the Fine Mules. They are, as their coat of arms indicates, a rather flat bunch. They have some trouble getting a girl but they have more trouble keeping them. No doubt they are lucky that they get rid of some of them. They have never won any popularity medals but they can be counted on to hold up the average of the student body and make it rather hard for the others to initiate.

DELTA DELTA DELTA

These are the girls from way out yonder—yea way out yonder. They had quite a successful rush season when they slipped the royal rompers to the Zetas and Alpha Doodles. They were once content with Phi dates but they are far ahead of the Phis and have so many members that it takes all the frats and half the bars to date the chapter. There are some who don't have dates, they claim they do not want them and stay home and study. They say they are doing their bit by the frat while the others hold up the social end of the blanket. They rally at the sight of a Trident because it reminds them of their last summer at home and their due familiarity to a pitchfork.

Their chief strong hold is Cameron and they had their annual fall party to help their social rating in the nearby city. It was a decided success, the Phis got an even number to make the trip, but Seerest (and Batte) were never able to make the party. They did get to the club but were unable to walk up the steps.

Clarice Raetzsch seems to have so much IT that Tom Cat either had to quit her or else lose his self control on these bright moonlight nights. 'Tis indeed a pity that she can't give some of it to Ruth Davis (beg pardon, forgot she wasn't affiliated). Mary Belle is their versatile speaker, Annie Marie has travelled and is their versatile girl in all phases asked for, Virginia Ryman is the politician of the crowd, and Florine Stocklass is their jaybird. Their insignia shows that quite a number are interested in the scholarship society and Y. W. C. A.

These girls are blessed with having the Dean of Women as a sister and she leads all mass meetings of the tribe with a new proposal for membership.

There has been some commotion as to what will become of one of their pledges but to date no formal announcement has been made as to her connection with the clan. If the Zetas would have her they would let her go with McNabb but the Zetas refuse to take her.

ZETA TAU ALPHA

These, my dear friends are the patrons of the honor council, discipline committee and rent car stations. They were once the popular group but now when they get hungry they have to rent a car to take them to town. They have one or two sisters that are still in the race and have a steady to rely on. Their rushing season was a flop and they had to do a bit of recruiting from other ranks. They picked on the Tri Delters and Phi Mulers but the Phi Muler wouldn't stick. Their pledges are as useful to them as sand in the Sahara. They are running the Alpha Doodles a strong race with the town girls and prospects are good for a victory for the Zetas.

Things looked bad for these loudspeakers when school opened and when they saw Mitchell and Littlefield were back it looked like a dark summer and—sure enough it was. Rhoene kept them in trouble until she was put out of the picture and no doubt the dear sisters rejoiced over the removal. The town girls never have very much to do with their sisters in the building and we are willing to let them pass unmentioned if it suits sister Tula. Mary Lou has had some trouble with her dates this year and at this writing is parked in the dormitory—probably having an old maid's dream.

It is just that we should give the devil his dues and we are going to do it. Even though Reba doesn't have any friends in the chapter she does them a good turn by giving them some fresh air in her Kappa Sig buggy. They love that old buggy for that is the only reminder they have of their once strong alignment with Kappa Sig. Reba has had the car quite often lately and we understand it is due to the fact that Bill had rather pay for the gas than have to ride around with her. We've been expecting them to take Lillian B. to San Antonio but she seems to prefer travel alone. Don't feel bad, Pound, for they have all been on those trips and just won't tell you about it. You haven't told yours either, have you?

Their coat of arms also is indicative of their many antics and to those of you who may not understand it,—ask any member of the sobering crew.

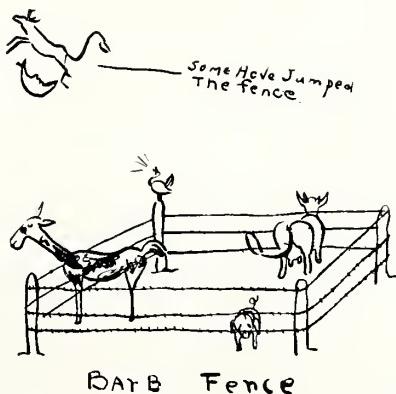

BARBS

Now dear readers we are running into the masses. These boys are not quite so particular as the Greeks for they take anything they can get from the select group. Of course they have some very powerful men in Albritten, Landrum, Fox, Alton Smith, Dansby, and Brannen. They are always hopeful that someone will become displeased and return to the fold. This has happened several times and there is always a great feast of stolen chickens served the returned one. They have had their private dairy to prevent them from stealing milk but Brother Burns mortgaged the hogs and had to leave school. The officials in charge decided to turn the project into a chicken farm to elevate the morals of the boys and prevent them leaving town each week end. To date the venture seems a success.

These boys believe the rabble should rule and their regard for aristocracy is far below par. They use all effective weapons to gain their ends and when one of their crew finds a traitor he is promptly reported to the frats and is pledged immediately. They have had quite a few jump the barnyard fence and land over Texas Gamma way. There are privileges of belonging to this gang that may never mean anything in after life but it means plenty when you want to have a date: you never have to go to meetings. These meetings are held four times each year and each member is informed personally as to what to do in elections.

Rayburn Brown is the black sheep of the barbs. He lives so far in the sticks and is so crude that he really doesn't know what to do. Thank heaven he will soon be gone and we can enjoy an afternoon show. Jessie Thomas is the informer of the crowd for he has seen all the sights in most of the fraternities, having been a member of several. Albritten is their menace and smart boy. Dansby isn't anything but a bag of wind and a good storage tank for rotten beer.

These boys conform to the rules of the old school and do their best to keep the frats from initiating. They are strong as horse radish and can always be counted on for the strongest feet in each class. "Hold 'Em Alamos and San Jacs."

NOW MAYBE YOU WILL THINK

(Probably that a little reminder of one of President Vivion's chapel talks would fit here, "I don't care what you think just so long as you are thinking." That is the purpose of this section—to stimulate thought.)

We always thought that gossiping was a characteristic of the fairer sex, but where do LeRoy Buss and Polly Walker come in.

A very prominent piece in the Magazine was given over to the pedigrees of the new Tri-Delt Initiates. Congratulations on the new thorough-bred herd, they were needed very badly.

Isn't it nice how Preacher's children follow in their father's footsteps. Take for example, Romeo Buss, Tom Cat Sharp, and Elma Hinds.

Franes Stone wont have to take off her skin and dance around in her bones

About all we can get out of Dean Meyer's speech was that Navajo blankets are also valuable as works of art. Is that why they are so popular with the Kappa Sigs?

Tri-Delts new slogan—QUANTITY NOT QUALITY.

We notice that Battie hasn't made so many trips home since the boys have been rushing her so.

We wonder if "Big Time Polly" got his Collegiate slump from bending over a plow or is it acquired.

We wish that the Nigger in the woodpile would pop up and tell us why Lucy Martin and Elma Hinds rate with Mr. Crysler.

We extend our deepest to Baby Childre since leaving Bro. Oatman. Wonder whose clothes he is wearing now?

We advocate birth-control in Cameron so Tri-Delts can take a rest.

We wish that Wiggam would remember that "mum's" the word!

Isn't it terrible how these innocent little girls fall for "Dreamy Eyed" Barrett.

MAYBE YOU WILL THINK (Continued)

By the way, Yellow-Jaundiee isn't the only thing that will make you yellow.

Reba Young and "her car." Why does she rate so many dates, is it because she calls the Kappa Sig house?

Lula Young and her lovers—Why doesn't she keep her man. I'm sure that it isn't her fault.

Erma Moore is in love. It seems that she went to Houston between terms and was telling her friends how she and . . . were in love. It's funny how love affairs can be so one sided.

Here are a few things that the writer of this *Thought Stimulus* would like to know: (I will number them so they will be clear).

1. How Dorothy Denson got the Campus Sweetheart.
2. What Lulu Young sees in LeRoy Buss.
3. Why Irmas persistenee can't get Doe. Borden.
4. What happened to Manrines brotherly feeling toward "Duck."
5. Why is the little girl by the railroad track the Phi Delt Dream Girl.
6. What would Aleen do without her K. A. Buddies.
7. Why did the Phi's postpone their rush week until the Spring Term.
8. What would the little town girls do without their pienies.
9. How would the K. A.'s get along without Mother Deffebach.
10. Why Ruth Davis has not affiliated.
11. When Little Bill Clark from Loekhart with his excess baggage will grow up to be a man.
12. Why they call Mary Aliee Gay Santa Clause.
13. Why Virginia Ryman thinks she is a Philosopher.
14. The truth about some of these Big San Antonio trips.
15. Why Warriner can't catch on.
16. Why the Phi's hide Ding Dong Bell during rush season.

Now don't ever breathe this to a soul, but did you know that:

The Tri Deltas and the Kappa Sigs have united for rushing next year? "In union there is strength."

Mary Lou Carlton frequently visits the Toggery.

Erette Reese actually is out of school after ten years at it.

Steve has almost had a rival (a blond mystery).

Miss Neas has a staunch admirer residing in Georgia.

The K. A.'s are reading the book of Etiquette and Whiz Bang in order to acquire this "has been around appearance."

The other Sororities have gotten a big kick out of the Zetas misfortune last winter. A novel experience this night moonshine cow-back riding.

There are some swell town dames that attend S. U. and they don't go by the name "The Gurls of the Womens Bull Den."

That Walter Pyle is a master politician. (If you don't believe it ask him.)

That the K. A.'s have to hide Terry's pin to keep him from pinning . . . Well just anyone.

That the Zetas are not getting as many pins (maybe they were penned) this year as they have in the past and when they get one they can not keep it.

That Kathlyn Hamilton and Raymond are saving their dimes.

That several of the Sigs have been to Laredo. Yes, they are a part of the select student body.

* * *

The I'm It Club, you for me or we won't support you next election:

T. C. Sharp
Ding Dong Bell
Walter Pyle
Joe Humphrey

Bill Stevenson
Sue Brannen
Leo Allbritten
Tom Fowler
J. Frank Clark

Alton Smith
Herndon Nelson
Virginia Ryman
Berta Goodson

Jesse Thomas: What's become of the old fashioned girl who used to say: "Ask Father."

Dizzy Oatman: She now has a daughter who says, "Give it more gas, George, the old man's gaining on us."

* * *

Rose Bowers: Why do they always cheer at a foot-ball game when a player gets hurt?

Sue Brannen: So the ladies won't hear what he says.

* * *

Simpson is wearing his other pair of sox this term.

* * *

For our capacity crew at all brawls we nominate the following as regards their respective positions:

BUCK McCRABB.....	<i>Left Field</i>
LOUIE OLTORF.....	<i>Right Field</i>
MIGHTY HOLLOWAY.....	<i>Center Field</i>
DYNAMITE WALDROP.....	<i>Third Base</i>
OX BELL.....	<i>Short Stop</i>
BULL DANSBY.....	<i>Second Base</i>
BEAUT BOMAR.....	<i>First Base</i>
BLASE BUNNY COOK.....	<i>Pitcher</i>
MINGLING MURPH BLEDSOE.....	<i>Catcher</i>
LEO ALLBRITTEN.....	<i>Coach and Kibitzer</i>
DREADFUL DR. OSCAR.....	<i>Manager</i>

* * *

Is that really love light that we see in Fred Sterling's eyes?

* * *

What has happened to Rhene Funchess league since she has been shoved in the corner? Jesse Thomas was the official tester for the crew and he seems to be in the pink of condition. Is it possible that he has turned the reins over to someone else since he is leaving school this year. Wonder if he will preach?

The Great Business Tr **BRANTLEY-DRA**

FORT WORTH IS GROWING

Fort Worth is doubtless one of the fastest-growing cities in the United States. Fort Worth has experienced one of the greatest years in its history from many standpoints, and it stands now with every indication pointing to a greater and more successful year. New buildings are soaring skyward every day. Our magnificent trade territory is expanding by leaps and bounds. New industries, firms and individuals are moving to Fort Worth daily. Never in Fort Worth's history was the opportunity as great as it is today. An era of unprecedented prosperity for this city, even greater than the previous year, is predicted by our great business leaders. Fort Worth calls to you. It is the city of OPPORTUNITY. Its opportunities are attracting young people from all over the South. It offers you, too, a chance to get a start toward success; because of Fort Worth's prosperity and great achievements hundreds of young people come here every year. They want to learn and they want to work; they want to earn more, and have more, and live better. Brantley-Draughon calls to you; if you have ambition and energy, here is your opportunity and it will pay you to come to Fort Worth NOW and take training for a lucrative position.

FIRST IN TEXAS

*Choose a College in Which a Degree as Well as
a Diploma May Be Earned*

Brantley-Draughon is the first business school in Texas granting Commercial Degrees (State Authorized) and as far as we know the only one in the State granting these degrees now. Consequently, isn't it logical that because of our teaching staff

and facilities for giving instruction of this grade we can offer you far better training than institutions giving only ordinary business college instructions even though you want to take only a Bookkeeping, Short-hand, Secretarial or other similar course.

Administration Course
Leading to Degree of
Master of Accounts (M. A.)

Bachelor of Accounts (B. Accts.)

Secretarial Science Course
Leading to Degree of
Bachelor of Secretarial Science (B.S.S.)

ing School of the South GHON COLLEGE

A GOOD POSITION

The Right Graduate for the Right Position Is Our Rule

The question of making the right start—getting the right position with the right employer—is of such vital importance that it is secondary only to that of getting the most thorough training for your work before you take it up. With the best training in the world—with a world of enthusiasm—with personality and initiative to spare—you may waste months or even years of your life unless you find a way to make the right start.

That's why we have often said that our Placement Service—although it is free to all our graduates—is worth many times the entire cost of one of our courses. Those in charge of this service have made a study of placing young people in the right positions with the right employers.

Usually, therefore, we do not find it dif-

ficult, when one of our students is ready for a position, to place him in the very position for which he is best fitted—the position which he characterizes as "the place I have always wanted."

Somewhere, with our host of business friends, there is doubtless a good position awaiting you. Placed in that position, you will be able to go on and up the ladder to success.

Why not start your training for that position now? We'll study you while you are studying business, and we feel rather safe in predicting that when you have completed your course the right position will be waiting. We've helped so many others, there doesn't seem to be a reason in the world why we should fail in your case, if you will take the right course.

Send for FREE Literature

Remember, we do not have now and have never had any branch schools. We are not connected, in any manner, with other schools of similar name located in different parts of the country. We center our efforts and thoughts in conducting one select, successful school, and that is here in Fort Worth, where it is necessary for you to come in order to get the benefit of our training. We are affiliated with about three hundred Accredited schools, members of the National Association of Accredited Commercial Schools in the United States and Canada, which absolutely guarantees you the very best to be had.

When you enroll for a business course, you are taking a step upon which your whole future depends. You must use the greatest care in choosing the school, and the course you are to take. We earnestly believe you could not choose a better school from every standpoint than ours. Because of this, we want you to be-

come thoroughly familiar with our school, its equipment, its faculty and its courses.

We should like to have you visit the school at any time. You will always find a welcome awaiting you, and someone to show you through, tell you of the work going forward in the various departments and answer any questions you may wish to ask regarding any courses.

If you cannot conveniently visit the school at the present time, we should be glad to send you our free literature, or to answer by letter any questions you may wish to ask.

We feel that when you are thoroughly acquainted with our school—when you have compared it from every angle with other schools—you will elect to place your future in our hands. Just write and we'll send you complete information—FREE—and without obligation of any kind.

The Farmer's State Bank

Georgetown, Texas

Georgetown, the home of Southwestern University, is a good place to live. It is the best residence town in the state.

This bank will appreciate your account, whether large or small.

Our banking facilities are the best and are all at the service of our customers.

If you live here, come in and see us. You will be welcome.

If you live elsewhere, write us for information or any service and your letters will receive the prompt attention of our information department.

EDUCATION

the foundation of greater achievement

Seniors . . . as you leave your alma mater to embark upon an even greater cruise you are armed with the greatest attribute that could be bestowed upon you . . . EDUCATION.

In business as in college you will experience many new problems to conquer . . . many new phases of life that will call forth the keenest judgment and most skillful knowledge in arriving at their solution. You will encounter a world that is complicated yet simple . . . a world that is hard yet generous, and through it all you will experience a parallel of your college days.

No progress is attained . . . no prosperity accomplished . . . no success achieved without meeting

and conquering the seemingly insurmountable problems. Many and great have been the difficulties overcome by past generations. Many more still remain . . . many yet unimagined . . . that you will be called upon to conquer. To master them is achievement. And there is no greater achievement than leaving the world a little better . . . a little richer . . . and a little wiser than you found it.

To the Undergraduates let us say that next to character education is the most essential attribute toward success. Education gives you the foundation . . . the power . . . the ability to mould your lives and direct your ideals toward the goal of greater achievement.

TEXACO MOTOR OIL

Clean, Clear, Golden Motor Oil
The Lubricating Film that Gives the Perfect Seal

Scientific care, such as exists in almost no other industry, is daily practiced in the laboratories of each of Texaco's 17 modern refineries. Thousands of samples constantly pour in from the stills, agitators and filters—over 3 million refinery tests a year.

This almost incredible care is typical of Texaco ideals. It accounts in no small degree for the rapid and sustained growth of The Texas Company—for the matchless success of Texaco Products in every industry, not only in each of our 48 states but throughout the entire civilized world.

Today, leading industrialists and experienced motorists everywhere turn to the Texaco Red Star with the Green T for superior fuels and safer, more dependable lubricants.
